

Classic Collection

Bottom Mounted Range

Building on the success of the Connoisseur Multi Drawer Refrigeration Range, Mitsubishi Electric's unique range of refrigerators featuring a bottom mounted freezer drawer allow the advantages of Drawer technology to be incorporated into our Classic Collection.

Two-Way Flexi Shelf

The two-way glass flexi shelf enables you to maximise your storage options by creating additional space when you need it.

Large Bottle Pockets

The door pockets feature handy side door access, designed for the convenient storage and retrieval of large and small bottles.

Tempered Glass Shelves

The Tempered Glass Shelves are built to withstand up to 100 kilograms of weight.

Double Twist Ice Maker

Added convenience with an Ice Collection Box.

Anti-Bacterial Food Liners

Anti-Bacterial Food Liners and a Titanium Filter create a hygienic environment for your food.

Ergonomic Design

Focusing on frequency of use and easy access, the refrigerator compartment is placed above the freezer drawer. This results in quick and easy food selection, meaning the drawer design is not only functional, but also improves energy efficiency with less time spent with the refrigerator door open.

Model range

Models available in white and stainless steel.

290 Litres

MR-BF290C
600W x 666D x 1359H mm

Warranty

Every Mitsubishi Electric Refrigerator is backed by a 2 Year Parts and Labour Warranty and a 5 Year Compressor Warranty.

The ultimate in freshness and style

Since 1954 the engineers at Mitsubishi Electric have become experts at developing reliable, design-orientated, and functional refrigerators. Sixty one years later we are pleased to introduce our latest range, with a refrigerator to suit any home and any lifestyle. Designed and engineered in the pursuit of excellence, our refrigerators have been developed with superior food storage in mind and have been tested with uncompromising precision.

When creating this range our engineers adopted a 'Form Follows Function' design philosophy. This has resulted in a range of feature driven refrigerators that are specifically designed to keep food fresh as nature intended. Our refrigerators were also developed with an understanding that with open plan living the kitchen has truly become the heart of the home. It is no longer a purely functional space, but an expression of design and personality. This is why we are proud to introduce a range with unique colours, finishes, and designs to match any kitchen.
