

23L Oasis Iconic

Anniversary Model

Built to last, trusted by generations!

MJ-E23AX-A

Remove up to 23 litres of moisture per day* while combining intelligent laundry drying and air purification. Designed to tackle damp, condensation and everyday moisture, it's a reliable, all-in-one home essential.

Easy Dehumidifying Mode

The Oasis Iconic can intuitively monitor room temperature, select the optimal humidity level and adjust its operation to suit, helping keep your space dry and balanced.

Air Purification Mode

Enjoy cleaner, fresher air with a two-stage filtration system. A washable pre-filter captures larger particles like dust, while the Silver Ion Filter helps reduce airborne irritants such as pollen and assists in minimising odours for a more pleasant indoor environment.

Intelligent Laundry Mode

Dry clothes efficiently without the harshness of a tumble dryer. This smart mode senses room humidity, adjusts drying time automatically, and stops when clothes are ready.

Night Laundry Mode

Dry laundry overnight with a quiet, low-noise setting. Airflow adjusts to humidity levels to help clothes dry efficiently without over-drying the space.

Multidirectional Drying

You can select the airflow direction: upward, downward, to the rear, or wide, allowing you to position the dry air where you need it most. You can even select rear airflow, which is ideal for drying wet floors or shoes.

* Based on condition 30°C / 80% RH

Made in Japan

23L Oasis Iconic

Anniversary Model

Key Features

- 4-way airflow for more even drying
- Intelligent Laundry Mode helps dry clothes faster indoors
- Cleaner air with built-in Air Purification Mode
- Helps keep your space dry and mildew-free
- Easy to move and simple to use
- Child Lock to keep little ones from changing settings
- Power cord storage makes packing away easy

Built to last and trusted by generations!

Specification

MODEL	MJ-E23AX-A	
Moisture Removal Capacity	23L per day (30°C, 80% RH)	
Water Collection Tank Capacity	4.7L (approx.)	
Low Temperature Operation	-	
Inverter Compressor	-	
Noise Level	Low Operation Speed	37dBA
	Laundry Mode	48dBA
Air Purification Mode	Y	
Allergen Filters	Pre-filter and Silver Ion filter	
Mildew Guard Mode	Y	
Drying Inside Mode	Y	
Weight	14.4kg	
Dimensions (mm) (W x D x H)	372 x 281 x 594	
Portability	4 Wheels (360° rotation)
