Inverter Technology Achieves 23% More Power Savings*

The use of super efficient Inverter Technology means the EK Series is 23% more efficient in comparison to the previous non-inverter model, for greater energy savings. Equipped with an advanced Inverter Compressor, the EK Series achieves a 3 Star Energy Rating, allowing you to reduce both your power bill and environmental footprint.

*Compared to C Series Non-Inverter Model.

Whisper Quiet – Ideal for Open Plan Living

The EK Bottom Mount Fridge is truly whisper quiet, rated at only 18dBA. In fact, no other bottom mount refrigerator is quieter!

Key Features

Crisper Bin with Vitalight Technology

Slow down the wilting process of leafy greens and maintain their original vitamin and antioxidant level with the unique Vitalight Amber LED Lighting System.

Tempered Glass Shelves

The Tempered Glass Shelves are built to withstand up to 100 kilograms of weight.

Two-Way Glass Flexi Shelf

Maximise your storage options by creating additional space with the Two-Way Glass Flexi Shelf. Simply move the front half of the shelf to the level below to store taller items or remove it completely to create one large space.

Large Bottle Pockets

The door pockets feature handy side door access, designed for the convenient storage and retrieval of large and small bottles.

Anti-Bacterial Food Liners

Anti-Bacterial Food Liners and a Titanium Filter create a hygienic environment for your food.

LED Light

The refrigerator is brightly illuminated by a tower-style light making the contents easy to see.
