\*Compared to G Series Non-Inverter Model

### Advanced Inverter Technology

The use of super efficient Inverter Technology means the FC Range is 31%\* more efficient in comparison to the previous non-inverter model, resulting in greater energy savings. Equipped with an advanced inverter compressor, the FC Series achieves an impressive 3.5 Star Energy Rating, allowing you to reduce both your power bill and environmental footprint.

### Humidity Controlled Crisper Bin

Store fruit and vegetables in the Humidity Controlled Crisper Bin to keep them fresher for longer.

### Tempered Glass Shelves

The Tempered Glass Shelves are built to hold up to 100 kilograms of weight.

### Sliding Utility Case

The Sliding Utility Case is cooled to a low temperature to preserve the freshness of food, making it great for storing dairy products, fresh fish and meat.

### Door Pockets

The Door Pockets allow for easy access and maximises storage to suit your needs.

### Anti-Bacterial Food Liners and Titanium Filter

Create a hygienic environment for your food.

### LED Light

The energy efficient LED light will illuminate your refrigerator up to 50 times longer than an average refrigerator light bulb.
